30% COMMISSION FOR YOUR HOTEL

You receive 30% of the profit from purchases made using your hotel's promo code.

NO COST TO YOU

There is no upfront cost and no running costs. You simply get paid by us.

NO EXTRA WORK

Your team doesn't need to process orders, handle payments or manage the service.

HOW DO YOU GET PAID?

At the end of each month, you'll receive an email showing how many purchases were made with your promo code and how much commission you earned. Your commission will then be sent to your preferred payment method. Simple, transparent and hassle-free.

BUT WAIT... WHAT'S AN eSIM?

An eSIM is a digital SIM card built into your phone. It lets you connect to a mobile network without needing a physical SIM card. With 195sim, travelers can buy their data plan online and get connected as soon as they arrive.

A BETTER ARRIVAL FOR YOUR GUESTS

Instead of arriving in a new country and searching for a SIM card or expensive roaming, your guests can simply scan, purchase and connect. You provide the space. We provide the service.

MADE BY THE YOUNGEST MAN TO VISIT EVERY COUNTRY IN THE WORLD

MEET LUCA, THE GUY BEHIND 195sim

Luca is a German travel creator with 3+ million followers who has spent years traveling the world. In 2025, he became the youngest man to visit every country in the world, completing his journey across 195 countries.

And after spending that much time on the road, he learned pretty quickly that having internet isn't a luxury when you're traveling, it's a necessity.

195sim was created to make getting mobile data abroad simple, affordable and accessible for travelers everywhere.

SO... HOW MUCH CAN YOU MAKE?

HERE ARE 3 REAL-LIFE EXAMPLES:

AND IT DOES NOT STOP THERE:

You earn your commission no matter which eSIM your guest purchases — and your promo code can also be used for top-ups, meaning you can continue earning from returning customers, even if they travel to different countries.

THE MORE YOUR GUESTS USE IT, THE MORE YOU EARN.

Guests love a permanent discount code. If you tell them there is no limit to how many times it can be used, they will likely keep using it long after they left.

They save. You earn. We keep them connected.
